Reinis Emīls Aļļis

Junior Full Stack Engineer

2 years building and shipping web products with React, Next.js, Node.js/Express, plus practical Shopify and e-commerce implementation experience.

Liepāja, Latvia | +371 25851571 | reinisemilsa@gmail.com

QUICK SNAPSHOT

2 years: Production web development across live client projects.

Core stack: React, Next.js, Node.js/Express, MongoDB, and Shopify workflows.

Delivery style: Own features end-to-end, from implementation through deployment support.

EXPERIENCE

Full Stack Engineer Sep 2024 – Present
Libautech | Liepāja, Latvia (On-site)
Stack: React, Next.js, Node.js, Express, MongoDB, Shopify, CI/CD

Mid-level Mar 2025 – Present

- Migrated and refactored 7 standalone apps to a modern unified architecture, improving performance and maintainability and qualifying them for "Built For Shopify" standards.
- Designed a workaround for Shopify's customer-facing bundle size limits (10KB → 100KB), enabling Preact adoption with a custom build pipeline.
- Set up Jenkins to deploy production from GitHub pushes to the prod branch; maintained the pipeline and handled failures/debugging.

PROMOTED

Junior Sep 2024 – Mar 2025

- Documented the internal architecture and tooling so other devs could onboard and contribute faster.
- Contributed to initial feature delivery across multiple client Shopify projects, building familiarity with the full stack in a production environment.

EDUCATION

Liepāja State Technical School - Programming Technician
Sep 2021 - Jun 2025 | Final qualification exam: **94%**

Accenture Bootcamp - Java / Software Engineering
Jul 2023 - Aug 2023 | Java OOP, Spring basics, JUnit basics

TECH STACK

FRONTEND	React, Next.js, TypeScript, JavaScript, HTML, CSS
BACKEND	Node.js, Express.js, REST APIs, Java (basics), Spring Boot (basics)
DATA	MongoDB, MySQL, SQL
DEVOPS	CI/CD pipelines, Linux server maintenance, deployment support
MISC	Shopify ecosystem, e-commerce implementation, Git, Agile workflow

QUICK HIGHLIGHTS

Exam: Programming Technician final qualification score of 94%.

Award: SkillsLatvia 2024 Web Programming - 3rd place.

Award: Liepāja Computer Science Olympiad - 3rd place.

Scope: Frontend, backend, database, and deployment support.

AWARDS & COMPETITION HIGHLIGHTS

SkillsLatvia 2024 - Web Programming (3rd Place)

Built a YouTube-style prototype in 2 days using Laravel + React. Delivered full-stack functionality under strict time constraints and ranked among the top national participants.

Liepāja Computer Science Olympiad (3rd Place)

Led a 3-person team and delivered a complete project using Godot + C#, combining technical implementation with coordination and delivery ownership.
